Aquatica is giving the attraction, which opens next summer, a chance to see if it will attract guests enough for the park to expand the attraction to other locations. The attraction has a total of five 30-foot by 30-foot and three 60-foot by 60-foot beaches that are divided by a 150-foot waterslide that has angled tunnels to protect riders from going over the top. Water from the slide hits three larger "waves" at the end of each tunnel to create different sensations of being on a wave. The water

sloshes up and down at the edges of the pools, preventing riders from going too far and back. Riders who slide down the slide will feel like they're getting tossed back and forth in a wave. Aquatica, which is based in d0c515b9f4
