A hack/dance rhythm action game where you must break through the front lines of the Endless Pulsar in order to capture the Metronomicon. The Metronomicon is a chiptune music library with over 20,000 songs to discover! In order to save the world you

---

must retrieve the Metronomicon which is stuck on a different world in the Dream Factory, within the cymbal universe! All of this will be packed in 3 appealing and fun adventures with super epic effects! How do you play? Chiptune Challenge Pack 1 features three Super Exciting Unique mini games. In each mini game you must break through the front lines of the Endless Pulsar to recover the Metronomicon. After a long and challenging struggle you will be able to capture the mystical Metronomicon with the help of a singing kirby! Every piece of gear will do its job at the expense of some wear and tear and this will be the key to succeed! The Chiptune Challenge Pack includes 3 unique songs and 3 special challenges. Each mini game comes with its own unique back story and catchy theme tune! Pressing the A button begins the mini game. Pressing

---

the D-pad or Circle button will trigger your special attack! Pressing the X button will stop your special attack if it is not in use. Pressing the B button will move backwards! In Chiptune Challenge Pack 1 the song "Pretty in Pixels" has a special easter egg (If you know the game from the last gamepack and you've met Kristina) When you've taken on Kristina's challenge, she will give you a special, new easter egg... A special round with 8 chiptunes, including 3 from the last gamepack (Even though the game is chiptune, the songs are not)! What can I expect? Chiptune Challenge Pack 1 will include 3 mini games: "Chiptune Madness" "Metronomicon Madness" "The Flow Unlimited" "Metronomicon Madness" is a chiptune inspired martial art, where you have to move a heart icon around the screen in order to avoid getting hit. "The Flow

---

Unlimited" is an intense platforming romp, with a hint of puzzle as you try to avoid being killed by your enemies. "Metronomicon Madness" is a fast paced

### **Features Key:**

Sneak onto enemy territory and storm the factory, sabotage the production line, free the trapped workers and rescue the production families. Only the most brave and competent Iron Pikas can do this. Wagons are essential for the transport of raw iron ore, to the crushers. For more than 30 years the Iron Pikas have protected their families from the heat of molten steel

---

production. It is said that Steel has healing powers, but unfortunately not for the Pikas. In this game we work on the production line with a help of our cool worms who are made from molten steel. Get the steel from the wagon to the production line. We were once easily earning the money, but then the EU decided to erect the wall, so we must look somewhere else to earn our money. We take the steel to the production line and see how the metal turns into money. The time has come to start producing more stuff for the economy! Use your smarts and strategy to win! Iron Pikas - you can do it! Play in different modes such as quick and easy mode and more demanding modes. All your characters can be in the game, but just four characters are required to pass the missions. Iron Pikas is challenging and addictive game, you have to be

---

focused and prepare your mind for difficult missions. Iron Pikas is the most entertaining and best game of the year 2017. This game is designed to take your mind away from the real world and give you an enjoyable challenge to complete. Iron Pikas is one of those games that challenge you to think out of the box. It is also full of twists and turns, so it is very addictive. Join the irresistible and fast-paced action of the fourth expansion for XCOM 2 – Resistance Reborn. As the events of XCOM 2 proper draw to a close, the Resistance is finally free from the alien threat for the first time in 20 years. You must ensure that the Resistance can survive in the wake of an unspeakable alien attack. Join the irresistible and fast-paced action of the fourth expansion for XCOM 2 – Resistance Reborn. **Has Many Questions - Max VRFocus - DayBreak: Wings of Peace - DayBreak: Wings of Peace is a virtual reality game for the Oculus Rift and HTC Vive that combines a number of familiar stories from classic science fiction literature for a free-roaming Easter Egg hunt. The game debuted at the HARD GAMES Expo on Friday (June 22, 2017) in London, with an official release on SteamVR sometime this week. Now one of our colleagues has played DayBreak: Wings of Peace and has many questions about the game. We'll start by giving Max a warm welcome and covering the basics - what is this game about and is it worth your time? And if you're looking to read more about DayBreak: Wings of Peace, you can check out our preview of the game, which you can**

**also read in our DayBreak PC review. Virtual RealityFocus: Hey Max! You're in for a treat today, as you're joined by one of our developers, Max. We've heard your feedback and given DayBreak: Wings of Peace a lot of thought. He's also having a lot of fun with it himself, and he helped to give it a spin at our booth. So read on to see what he's thought of the experience so far and for any other questions you've got, but make sure you keep an eye on our channels on Twitter for any new thoughts. MAX: Okay. Hello, everyone. I'm Max from the QA team at Tetsujin. If you've not seen the DayBreak: Wings of Peace trailer, you should take a peek, and let me know if you can't work out what it is that it's showing me, okay? VRFocus: Alright. I mean, they say you're on the Moon, but I don't really know... MAX: Right, so what is DayBreak: Wings of Peace? VRFocus: Well, I think we'd better start a bit earlier on, so let's look at what I've installed... MAX: Okay, so... DayBreak is a bird... VRFocus: Ah, a bird, alright. So a bird... MAX: Okay. VRFocus: Got it, so a bird. MAX: Yes, and it'**
