Simulation Software for Scientific Research : March 16, 2012. I can see the
scenery I want, and modify it the way I want. The only problem is that I
need to pay for the software every time I want to save the data, which is a
great inconvenience. Flohric : Save your productions to your own Wiki : 14
juillet 2013. I miss the possibility to save my data before saving each
frame so that i can send images to myself my family and my colleagues
before actually saving the image. You can actually do that using shareware
tools. WikiMachine : Multi page web forums software : April 19, 2010. I use
the same website and I've just found out that this wiki software is free to
use. Why? Because I can download all wikis then delete them. It's
possible to save your wikis inside a local directory (they are saved to a
file). The software is available at no cost for educational use and no expense to
cover ongoing training. UWEB Internet Archive Wiki : Februar 2013. I have
